MISC. BULBS

It pays to place your orders for Dutch Bulbs as far in advance as possible. We are distributors and jobbers of carload lots of imported bulbs and are in a position to save you money on your needs and give you good service.

Bulb prices are under the control of the Dutch government and will not be established for a short time. As soon as we have them we will issue a regular printed price list to our entire mailing list, but we suggest that you begin thinking about your requirements NOW! Early purchases will be protected against price advances and if any reductions are made later on you will be given the benefit of them.

Early orders, placed before July 1, 1949, will be packed especially for you in the Netherlands. Full case lots of 10,000 bulbs or more will be subject to a special discount of 5% of the established prices. Pictures of each variety ordered will be included with early orders.

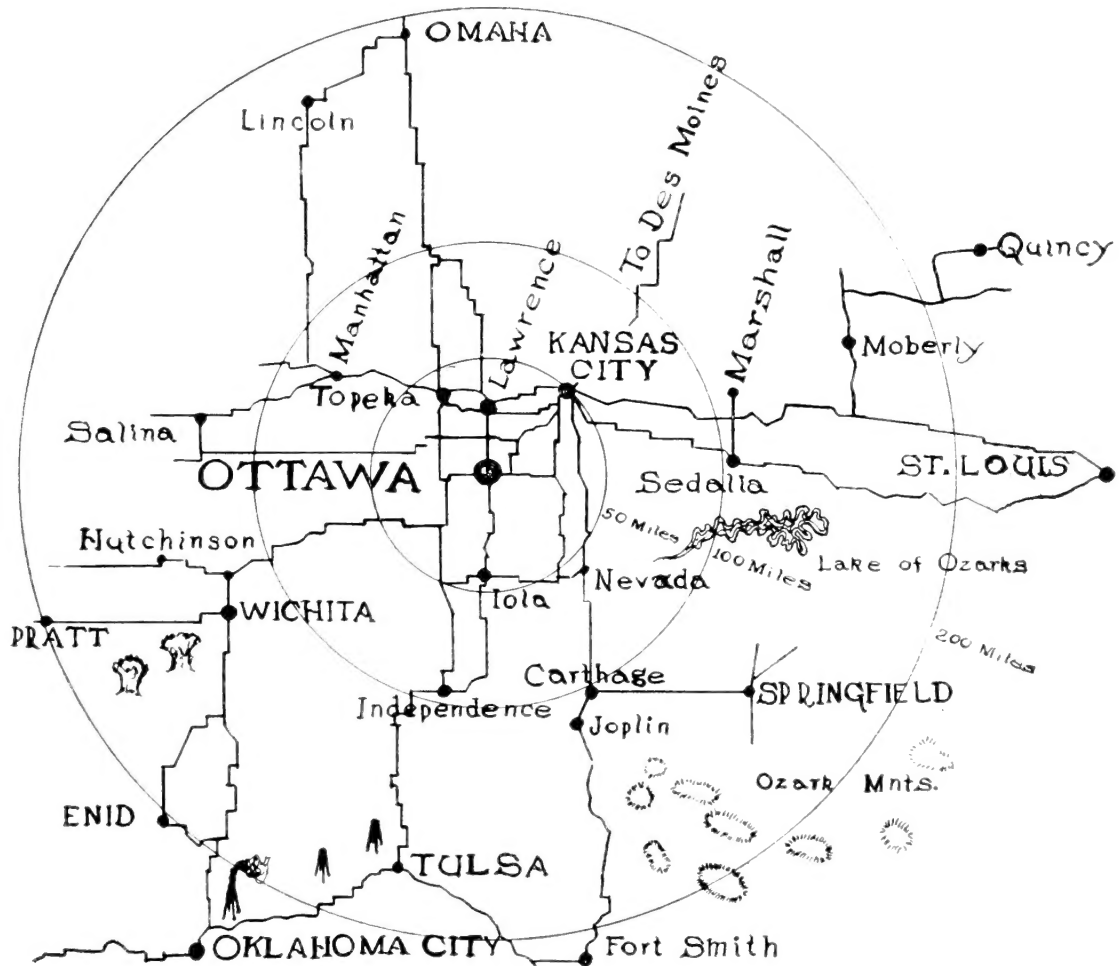

Send us your list! Prices will soon be ready!

Buy Dutch bulbs through us and save on entry fees, cartage to and from the docks, insurance and other import expenses. -Take advantage of our carload importations!

VISIT OUR NURSERIES

We extend a cordial invitation to visit our nurseries to see the hundreds of acres of fruit trees, shade trees, shrubs, evergreens, vines, hedge plants, etc.

This map shows OTTAWA'S central and convenient location 60 miles southwest of Kansas City. On the main lines of the Santa Fe and Missouri Pacific railroads and U.S. Highways No. 50S and No. 59.
